EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 23, line 3, after "aryl ketones", please delete "such as", and insert thereof ---selected from the group consisting of---.

In claim 25, line 2, after "19,", please delete "21"; line 3, after "polymeric", please delete "specie", and insert thereof ---species---.

The above claims are herein amended so as to provide claim clarity (see MPEP 2173.05(d)), proper claim dependency, and correction of a minor typo error.

2. The following is an examiner's statement of reasons for allowance:

Applicant's amendment and remarks filed on 12/18/09 have been fully considered. Upon further reconsideration, previous 103 rejections of record are hereby withdrawn. Prior art of record, taken alone or in combination, do not fairly suggest or disclose a coating formulation having two monomer and polymeric

Art Unit: 1796

layers as set forth in the amended claims. A skilled artisan would not have been motivated to modify the single layer coating formulations as taught in references of record into a dual layers coating formulation. Accordingly, the instant invention as defined by claims 15-19, and 23-25 is allowable over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Helen L. Pezzuto whose telephone number is (571) 272-1108. The examiner can normally be reached on 8 AM to 4 PM, Monday thru Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
